After being kidnapped, raped and forced to pretend to detransition on livestream by an obsessive and bigoted fan, ex-idol Soleil finds himself in a horrible situation with seemingly no escape.

Because of the man's threats to harm, or even kill, his loved ones, Sol is too scared to try to reach out and ask for help or even dare think about running away. The way he sees it, his only option is to try his best to play the role of a "trad wife" to that awful man, then at least he can keep the people he cares about safe. Even if it's at the cost of his own well-being.

His kidnapper appears to be extremely wealthy and hold considerable amount of influence and power, so, to Sol, it doesn't feel farfetched to consider the man may actually be able to get away with going through with his threats. So now, he is stuck in this situation, completely under the man's control and unable to fight back.

He hopes against hope maybe someone who is close to him will see through the lies he's been forced to spew try to help from the outside but, with each passing day, that hope grows slimmer and slimmer .

It doesn't take long for him to realize that his nightmare is far from reaching the end. Not only has he and the kidnapper gotten legally married, that man still has lots of things he wants to do in order to "get back" at Soleil for "betraying" him and his fans.

Ever since that first livestream, Soleil has completely lost access to all his social media.

They're now all controlled by the kidnapper.

“Your breasts are so soft!”

“I'm glad I finally get to touch them every day! I've been dreaming of this for so long!”

“Aren't you happy I made you keep them, dear?”

“Y-yeah... of course...”

“I... I couldn't be happier...”

“Your fans are very grateful for that as well, just look at the comments they left for you!”

The man also forces his captive to read everything people write about him. With supervision, of course.

As previously promised, the man had set up a website to keep the first humiliating livestream hosted for everyone to see.

Not only was this linked to Sol's profile as his "apology" as soon as it was done, he also uses the idol's account to encourage people to watch and spread the video around.

Sol's sincere apology to her fans <3

“Aren’t you grateful to have so many fans still willing to forgive you after trying to force them to pretend you’re a man?”

“Yes, I’m glad...dear husband...”

He also makes a point of posting regular updates and photos to Soleil’s regular social media.

All of this to make everyone truly believe those awful things were Sol’s decisions from the beginning. That he truly believes the things he’s saying.
